Percentages are by weight

LEED - New construction v 2.2 Recycled Content Credit MR 4.1 and MR 4.2

PART 3 - LOCAL/REGIONAL MATERIALS

- A. This product is manufactured in the following SWF facilities: Victoria, Tamp., Mexico. Determine the distance in statute miles to your project site from the Springs Window Fashions manufacturing location. You can use the following website to determine the distance to your job-site (not a SWF website); <http://www.geobytes.com>

LEED - New construction v 2.2 Local/Regional Materials Credits MR 5.1 and MR 5.2

PART 4 - INNOVATION AND DESIGN INFORMATION

- A. This product can be ordered with motorized controls to open the shades, and can be connected to a building lighting and environmental control system. As a result, the blinds can be used to maximize solar heating, optimize daylighting, and minimize heat loss to the outside through windows, working in concert with the building control system.

LEED - New Construction v2.2 Innovation in Design Credit ID 1

Effective Date: 5/1/2012

LEED stands for Leadership In Energy and Environmental Design. LEED is a registered trademark of the US Green Building Council. www.leedbuilding.org

All LEED rating point references are suggested applications of SWFcontract products to the LEED rating system. LEED applicants should use their own objective determinations of product attributes for LEED certification purposes.
